

Gimme Some Action

Fear

You look like you fell asleep,
just sit down and beat your meat,
I don't want no satisfaction,
I just want to get some action! From your feet down to your hair,
bodies flyin' through the air,
Comin' off the fuckin' wall,
get off your ass and show some balls! I don't want no satisfaction,
Just wanna get some action! Just gimme some action! [x8]
