

# Tuesday Morning

Michelle Branch

I remember stormy weather  
The way the sky looks when it's cold  
And you were with me  
Content with walking  
So unaware of the worlds[Chorus]  
Please don't drive me home tonight  
'cause I don't want to feel alone  
Please don't drive me home tonight  
'cause I don't want to go  
Tuesday morning  
In the dark  
I was finding out  
Who you are I took your picture  
While you were sleeping  
And then I paced around the room  
If I had known then  
That these things happen  
Would they have happened with you?[Chorus] And if you turned around to see me and I was gone  
You should have looked outside your window  
'cause the sun was coming up Please don't drive me home tonight  
'cause I don't want to feel alone Tuesday morning  
In the dark  
We were finding out  
Who we are  
Tuesday morning  
In the dark  
We were finding out  
Who we are
