

Midnight Madness

Rough House

Love you baby and I always will
Without you, I've just got time to kill
Day and night, night and day
I look for trouble, find a sure fire way
Come back baby, give me one more chance, 'cause I love, I love you
Got me walkin', put me in a trance, 'cause I love you
Like a prisoner caught in my own dream
I used to worry 'bout what might have been
Love was here, now it's gone
I found out too late, you're the one
Come back baby, give me one more chance, 'cause I love, I love you
Got me walkin', put me in a trance, 'cause I love you
Around midnight my feelin's start to show
Wind me up 'til I can't take no more
Midnight madness gonna tear me down
Midnight madness gonna turn me around
Midnight madness gonna tear me down
Midnight madness gonna turn me around
Come back baby, give me one more chance, 'cause I love you
You got me walkin', put me in a trance, 'cause I love you
Midnight madness gonna tear me down
Midnight madness gonna turn me around
Midnight madness gonna tear me down
Midnight madness gonna turn me around, 'round
