

# Sexual Hallucination (Featuring Brent Smith)

## In This Moment

Red lips, a sinister tongue  
(I'll taste you until I can't)  
Our trip has just begun  
(I'll fly with you til the end)  
Psychotic voice  
(You are in my veins now)  
And there's no denying  
(There's no denying)  
As we both burst into flames(You'll come down)  
There's no coming down  
(Higher ground)  
Floating over ground  
(Out of body)  
Out of body  
Inner mind  
(I'm your slave)  
This is what I crave  
I'm lost, I'm saved  
It's my obsession, possession began  
(Physical, psychical, illumination)  
Intoxication, fascination  
(Mystical, sexual hallucination)  
Sexual (hallucination)  
Sexual (hallucination)You watch me come undone  
(It makes me want you more)  
I'm crawling into the unknown  
(I'll follow you to the core)  
I feel like I'm dying  
(I'm right beside you)  
You whisper, "we're flying"  
(There's no denying)  
We both converge as one(Don't come down)  
There's no coming down  
(Higher ground)  
We're floating over ground  
(Out of body)  
Out of body  
Inner mind  
(I'm your slave)

This is what I crave  
I'm lost, I'm saved  
It's my obsession, possession began  
(Physical, psychical, illumination)  
Intoxication, fascination  
(Mystical, sexual hallucination)  
Sexual (hallucination)  
Sexual (hallucination)(I can barely breathe)  
I can barely breathe  
(I can barely move)  
I can barely move  
(I can barely) separate (me from) you  
This is what I crave  
To be your slaveRed lips, sinister tongueIt's my obsession, possession began
