Don't Fade Away

Milla

Hello sunshine
Please don't fade away
See our genius
Warp what we createdNo no, don't fade away darlingStepping over
Shadows from your smile
Losing myself
In these waves of lightNo, don't fade away
No, don't fade awaySee them washing, hearts with teardrops
Bless these simple souls
Baby soldiers, marching onward
Watch their hopeless eyesNo, don't fade away
No, don't fade awayOh my, am I high?
Is that a glow up in the sky?
Oh my, am I high?
Is that a glow up in the sky?Oh my, am I high?
Is that a glow up in the sky?
Oh my, am I high?
Is that a glow?Whitewashed liars, stupid teachers
Blinded are these broken dreamers
Little rulers
Who will teach them time?No, don't fade away, no no
No, don't fade away darling
No no no no, don't fade away
No, don't fade away darlingOh my, am I high?
Is that a glow up in the sky?
Oh my, am I high?
Is that a glow up in the sky?Oh my, am I high?
Is that a glow up in the sky?
Oh my, am I high?
Is that a glow up in the sky?Oh my, am I high?
Is that a glow up in the sky?
Oh my, am I high?
Is that a glow up in the sky?
