His dang a lang so pretty, 'bout 12 inches,

So I let him meet kitty, now they best friends.

I am made good and plenty.

All I want to do is feel that dang a lang in me,

Make him drive it live in me.

'Til I smoke like a chimney.

Real hard in me (voice over)

I make him slim jimmy,

Even better on the remy,

I know the neighbours hear me

They probably standing ear to wall and whats he doing to me Verse 3: Nicki Minaj

Excuse me, can I see your dang a lang, brother?
I mean, ya know, juggle ya balls like the Wrangling Brothers.

I'm the Harajuku Barbie,

I ain't tripping on your change,

I mean look I got the sports package on my range.

I just dip in the pink for the pink effect.

D-D-D-Diamonds on my neck for the link effect,

And I was wondering if I could lip sync on that,

You know my name ring (ting),

Ring tinkle bells.

Wa-Wa-Wa-Watch (That)

Chain (Check)

They be on a rain check

I be on the move,

They be reachin' but they can't catch.

I'm with the Baddest B*****

On the island styling

Black Miley Cyrus,

Playing hide the pirate.

I be singin' them ballads,

When he tossin' my salad,

When I pet my parrot,

all you see is colorful carrots.

I be singin' them ballads,

When he tossin' my salad,

When I pet my parrot,

all you see is colorful carrots. Chorus: Lady Saw
