Shaggy

Yeah, yeah, yeah, yeah

Downtown girls a nuh ready fi this
Carribean girls a nuh ready fi this
Mr. Lover keep yuh rockin' di beat
I said hey, you standin' over by that wall
Get up, do your thing on that floor
Don't stop, party till the break of day
Are you ready? Shut up and dance
To all di woman wid di sexy design
And lookin' so fine I love it when dem shake di behind
And dip and a wine, I wonda if dem gal have spine
Hail di a Mr. Lover lyrical refined
I love it when yuh put yuh hand through yuh hair
And, I see you over there a dip and a stare
And, now ain't it time for you to be in my ear
And, stand up and shake that rear
I said hey, you standin' over by that wall
Get up, do your thing on that floor
Don't stop, party till the break of day
Are you ready? Shut up and dance
Let your feet just go
Who needs to think when your feet just go
Dance, let your feet just go
Who needs to think when your feet just go
Shut up and dance, let your feet just go
Who needs to think when your feet just go
Dance, let your feet just go
Who needs to think when your feet just go
Shut up and dance
And you hippity hop
My name is Will.I.Am, put the pop in your lock
We could make a circle and your girl could watch
Push back nigga 'cause the crown I spot

And I'm doin my thang
Shabba dooba dabba I ain't sayin' a thang, right
You know we rockin' it, man
Do it till the mornin' and I do it again
I said hey, you standin' over by that wall
Get up, do your thing on that floor
Don't stop, party till the break of day
Are you ready? Shut up and dance
Let your feet just go
Who needs to think when your feet just go
Dance, let your feet just go
Who needs to think when your feet just go
Shut up and dance, let your feet just go
Who needs to think when your feet just go
Dance, let your feet just go
Who needs to think when your feet just go
Shut up and dance
London girls a nuh ready fi this
Brooklyn girls a nuh ready fi this
Jamaican girls a nuh ready fi this
Mr. Lover mek yuh feel di heat
Uptown girls a nuh ready fi this
Downtown girls a nuh ready fi this
Carribean girls a nuh ready fi this
Mr. Lover keep yuh rockin' di beat
I said hey, you standin' over by that wall
Get up, do your thing on that floor
Don't stop, party till the break of day
Are you ready? Shut up and dance
Let your feet just go
Who needs to think when your feet just go
Dance, let your feet just go
Who needs to think when your feet just go
Shut up and dance, let your feet just go
Who needs to think when your feet just go
Dance, let your feet just go
Who needs to think when your feet just go
Shut up and dance
