

Never Too Late

Glenn Lewis

It's never too late
Don't wait 'fore we lose it all
It's never too late
Don't wait 'fore we lose it all Yesterday don't seem so far away
Used to just kick it, you and me
How in love we used to be
Still remember how it was
Holdin' your hand, makin' future plans
So happy were we that things are changin' over time Sadly, we drifted away
With hopes that you'd come back someday
We'd stay cool, me and you
Talk on the phone once in a while, now and again
Found yourself a new friend
Thinkin' this might be the end It's never too late
Don't wait 'fore we lose it all
You're my love, the only one I'm thinkin' of
It's never too late
Don't wait 'fore we lose it all
Oh, don't think twice and let this love pass you by It's never too late
Don't wait 'fore we lose it all
My missin' part, baby, finish what you started
It's never too late
Don't wait 'fore we lose it all
And any chance to be, don't take that away from me, no Girl, you've become a part of me
And I can't see how I could ever be
Without you next to me
Are you part of my life, come and beg You are precious to me, by far
You have my heart
From the start, the shinin' star
The biggest love that's for sure Girl, it's plain to see
What you mean to me
Still in love with you
Want you to be my boo
What we gonna do? It's never too late
Don't wait 'fore we lose it all
You're my love, the only one I'm thinkin' of
It's never too late
Don't wait 'fore we lose it all
Oh, don't think twice and let this love pass you by It's never too late

Don't wait 'fore we lose it all
My missin' part, baby, finish what you started
It's never too late
Don't wait 'fore we lose it all
And any chance to be, don't take that away from me, oh baby, listen
No, no, no, no
Never too late
No, no, never too late, baby
It's never too late
Don't wait 'fore we lose it all
You're my love, the only one I'm thinkin' of
It's never too late
Don't wait 'fore we lose it all
Oh, don't think twice and let this love pass you by
It's never too late
Don't wait 'fore we lose it all
My missin' part, baby, finish what you started
It's never too late
Don't wait 'fore we lose it all
