Let it Be

The Yellow Subs

What do I do?
[Foreign Content]Next
If it's hip-hop, if it's bebop, reggaeton, of the metronome
In your car, in your dorm, nice and warm whatever form
If it's classical, country mood, rhythm and blues, gospel
Whatever it is, let it be, let it be
Whatever it is, whatever it is, let it
If it's deeper soul, if it's rock 'n' roll
Spiritual, factual, beautiful, political
Something to roll to
Let it be, whatever it is
Whatever it is, let it be, let it be

Whatever it is, let it be, let it be, let it
Why do, do, do I, I, I, I feel trapped
Inside a box when just don't fit into it?
Maybe I've been scared knowing
What's there in front of me
Maybe I been trying to be
What they needed me to be?
When I should've just been me
Why, why, why, why, why, why?
Whatever it is, let it be, let it be
Whatever it is, whatever it is
Whatever it is, let it be, let it be
Whatever it is, whatever it is, let it
