

# Feel It

## Orange 9mm

I'm not here to sell don't think so  
I live and die no attention to feel  
Don't get too scared and try to run away  
I realize how good it's gonna be  
I'd really like to share just a little bit  
Just say you know what to look out for  
Don't get too scared and try to walk away  
'Cause it's here and it's there And don't admit it don't waste it when you get it  
That's the shit you gotta feel it  
And don't admit it don't waste it when you get it  
That's the shit you gotta feel it  
And don't admit it don't waste it when you get it  
That's the shit you gotta feel it  
And don't admit it don't waste it when you get it  
That's the shit you gotta feel it It ain't hard to tell don't think so  
Can't ever deny when it's in your face  
Don't get too scared try to run away  
It's everywhere you ever gonna be  
I'd like to share just a little bit  
Just say you know what to look out for  
Don't get too scared and try to run away  
'Cause it's here and it's there And don't admit it don't waste it when you get it  
That's the shit you gotta feel it  
And don't admit it don't waste it when you get it  
That's the shit you gotta feel it  
And don't admit it don't waste it when you get it  
That's the shit you gotta feel it  
And don't admit it don't waste it when you get it  
That's the shit you gotta feel it You can't deny, let's go down when it comes your way  
You can't deny what you're gonna do when it coming your way You can't deny what you're gonna do when it  
comes your way  
You can't deny what you're gonna do when it comes your way And don't admit it don't waste it when you get it  
That's the shit you gotta feel it  
And don't admit it don't waste it when you get it  
That's the shit you gotta feel it  
And don't admit it don't waste it when you get it  
That's the shit you gotta feel it  
And don't admit it don't waste it when you get it  
That's the shit you gotta feel it You gotta feel it

You gotta feel it  
You gotta feel it
