

Lightning's Girl

[Nancy Sinatra](#)

LIGHTNING'S GIRL Nancy Sinatra But you keep hanging 'round He's got to put you down I've told you that
I'm Lightning's girl If Lightning ever catches you (spoken) About six feet! Stay away from Lightning's girl
And this part of town Or he'll put you down...yeah Stay away from Lightning's girl Better stop your grooving
'round Another rooster's hen He's got to do you in If Lightning ever catches you (spoken) In about two
minutes! And this part of town Stay away from Lightning's girl Stay away from Lightning's girl Or he'll put
you down Here comes Lightning down the street While you just stand there talking If I were you I'd start to
move And tell my story walking (spoken) About a hundred miles an hour! Stay away from Lightning's girl And
this part of town Stay away from Lightning's girl Or he'll put you down Stay away from Lightning's g-i-r-l Stay
away from Lightning's g-i-r-l Stay away from Lightning's g-i-r-l Stay away from Lightning's g-i-r-l From:
Kelly Carnahan
