

# He War

## Cat Power

I never meant to be the needle  
That broke your back  
You were here, you were here  
You were here, don't look back I never meant to be the needle  
That broke your back  
You were here, you were here  
You were here, don't look back He war, he war, he will kill for you  
He war, he war, he will kill for you  
From who you can, you know you can Hey, hey, hey  
Hey, hey, hey  
Hey, hey, hey  
Hey, hey, hey I'm not that hot new chick  
And if you won't let me run with it  
Were on to your same old trick  
Get up and run away with it I'm not that hot new chick  
And if you won't let me run with it  
Were on to your same old trick  
Get up and run away with it (Hey, hey, hey)  
He war, he war, he will kill for you  
(Hey, hey, hey)  
He war, he war, he will kill for you  
(Hey, hey, hey)  
From who you can  
(Hey, hey, hey)  
You know you can (Hey, hey, hey)  
He war, he war, he will kill for you  
(Hey, hey, hey)  
He war, he war, he will kill for you  
(Hey, hey, hey)  
From who you can  
(Hey, hey, hey)  
You know you can
