Still In Love With You

Inchequin

I think I'll fall to pieces
If I don't find something else to do
This sadness, it never ceases
Oh, I'm still in love with you
And my headache keeps on reeling
It's got me in a crazy spin
Darling, darling, darling is this the end?
Still in love with you
They say time has a way of healing
Dries all the tears from your eyes
Darling, it's this empty feeling
That my heart can't disguise
After all that we've been through
I tried my best but it's no use
I guess I just keep loving, is this the end?
Still in love with you, still in love with you
Now it's all over, boy
There's something I think you should know
Baby, baby, think it over
Just one more time before you go
Call on me, baby
If there's anything I can do for you
Please call on me, baby
Help me see it through
Still in love with you
Still in love with you
Still in love with you
