Empires Fall

GEMS

Only when you lay your hands upon me
And the doorway to heaven in the neon light
Hold me when you wrap your arms around me
And we might not get to heaven in the neon lightBut I can't stop losing you
(I can't stop no)
I can't stop losing you
(I can't stop)What hope is left for us now
You keep telling me we're gonna make it somehow
Even empires fall to the ground
What hope is left for us now
You keep telling me we're gonna make it somehow
Even empires fall to the ground
Only, I want to feel a higher heaven
Let the tears fall around me
And the days go by
Only, you can lay your arms around me
And I tell you all about it
In the daylightI can't stop losing you
(I can't stop)
I can't stop losing you
(I can't stop)What hope is left for us now
You keep telling me we're gonna make it somehow
Even empires fall to the ground
What hope is left for us now
You keep telling me we're gonna make it somehow
Even empires fall to the ground
I can't stop losing you
(On fire)
I can't stop losing you
(On fire)
I can't stop losing you
(On fire)What hope is left for us now
You keep telling me we're gonna make it somehow
Even empires fall to the ground
What hope is left for us now
You keep telling me we're gonna make it somehow
Even empires fall to the groundWhat hope is left for us now
You keep telling me we're gonna make it somehow
Even empires fall to the ground
