The Edge Is Strong

Throwdown

Spread the lies? I spread the truth that you don't want to hear... and from the very start, every word, and I was there. I fucking loved you and I fucking cared, so just remember, who turned their back. And where? I'm still right here. The same convictions. I'm still here. Sick of all this bullshit. I wanna know who's for real. Luck me for calling you out. This is the way I feel. The edge is strong. WE WILL NOT COMPROMISE. The edge is strong. WE WILL NOT COMPROMISE. I could, I would, never lie to my roots. Never.STRAIGHT EDGE - I won't compromise.
STRAIGHT EDGE - We won't compromise.
STRAIGHT EDGE - Together.
STRAIGHT EDGE - Forever.
STRAIGHT EDGE - United.
STRAIGHT EDGE - Represent.
