

Move

Saint Motel

Move!

This man, this dutiful man
He's got this sense of devotion
One look, one touch of a hand
Could set the sprial in motion

I want it, can't have it
Oh, I can hardly stand it
Oh, what's a man to do
Gotta get up, gotta get up

Move!

Gotta get up, gotta get up

Move!

Gotta get up, gotta get up

Move!

Nana nana na nana nana na

Gotta get up, gotta get up

Move!

Gotta get up, gotta get up

Move!

Gotta get up, gotta get up

Move!

Nana nana na nana nana na

This girl, this beautiful girl
With eyse the size of the ocean
This man, this dutiful man
He's got this mixed up emotion

I want it, can't have it
Oh, I can hardly stand it
Oh, what's a man to do
Gotta get up, gotta get up

Move!

Gotta get up, gotta get up

Move!

Gotta get up, gotta get up

Move!

Nana nana na nana nana na

Head, shoulders, knees, toes

Look alive, it's time to go
Head, shoulders, knees, toes

Look alive, it's time to go
Head, shoulders, knees, toes
Look alive, it's time to go
Head, shoulders, knees, toes
Look alive, it's time to go
Gotta get up, gotta get up
Move!
Gotta get up, gotta get up
Move!
Gotta get up, gotta get up
Move!
Nana nana na nana nana na
Nana nana na nana nana na
Gotta get up, gotta get up
Move!
Gotta get up, gotta get up
Move!
Gotta get up, gotta get up
Move!
Nana nana na nana nana na
Nana nana na nana nana na
Nana nana na nana nana na
