Lily and Parrots

Sun Kil Moon

Here she comes breakin' through my window
In the early morning hours
For the moment, I am disrupted
But in time she'll make me smileAll the wondrous animals
Roamin' round the earth
Bring us songs of calm
They do no wrong, they do no wrongYou don't know just how much I miss you
Yeah, my stomach aches in your absence
I don't know what I'd do without you
'Cause I'd have no one to followYou are my love
I hold you above
Everything and everyone
Yeah, everyone, everyoneHear outside all the kids are playin'
They're my wake up call each day
Look at them their little lives beginning
I have watched them over yearsBlooming like sweet roses
Dryin' their wet noses
No thought of the cold
Yeah, I feel old, I feel oldYesterday we found a hidden passage
And I opened my sleepy eyes
Through the trees parrots swept up past us
And the gardens there smelled goodAll the pretty houses
Decoratively colored
Tonight I want no other
Than my own, than my own
