

Dead Disco

Metric

Skip town. slow down
Push it to the east coast
Step down turn around
Push it to the west
Need less, use less
We're asking for too much I guess
Cause all we get is Dead disco
Dead funk
Dead rock and roll
Remodel
Everything has been done Tits out, pants down
Overnight to London
Touch down, look around
Everyone's the same
World wide, air tight
No one's got a face left to blame
And all we get is Dead disco
Dead funk
Dead rock and roll
Remodel
Everything has been done Dead disco
Dead funk
Dead rock and roll
Remodel
Everything has been done I know, I know you tried to change things
I know you tried to change
I know
