

Justice Is Might

Sonic Youth

This song this song this song is called
This song okay, this song is called
Justice Is, Justice Is Might, okay it's about
It's about, it's about sonic life
It's about, it's about sonic life
It's about sonic life that's right
You have a genius, you have a genius
And a sex maniac, living together
Taking lots of drugs and, and fucking all day
And as it's just, it's just, it's just like
It's like it's like staying at home and risking your life
This song okay, this song, this song is called Justice
This song is called Ju, this song is called Justice Is Might
I know it's wrong but that is all right
As long as it's strong, it's just that it might
Justice is might, justice is might
Justice is might, justice is might
Justice is might, justice is might
Justice is might, justice is might
