Azwethinkweiz

Incubus

Floatin' 'round my brain
Tryin' to think about another thing
Than that thought you know I'm considerin'
What if what I thought
About who I think I thought I was
Was nothin' more than my cerebellum slobberin'?
Azwethinkweizm is hard to think about
But simple to trust
You'll know your on it
When your brain won't stop to take a break, no
So when donut boy comes askin' around
Tryin' to figure out somethin' new
You just smile an' say, "Pardon you"
"I'm siftin' through some particles
An' farcin' through some folds
I've stepped up on a brain fart
Which melts away your molds"
So I think upon that ponder
While I'm ponderin' the thought
Just thinkin' about the thinkweiz
Is leavin' me distraught
Well I think I thought I saw an Azwethinkweiz
Lookin' like we think we do, like we think we do
I think I thought I saw an Azwethinkweiz
Lookin' like we think we do, like we think we do
Some think I'm insane
'Cause I think about the other thing
Than that one thought you call reality
What if what you thought
About who you think you thought you were
Was nothin' more than illusion rapidly crumblin'?
Azwethinkweism should be a topic
We all can trust
It's just to bad that it makes your
Head go zippitykrack pfft dang
So when donut boy comes sniffin' around
Tryin' to figure out something new
You just laugh an' say, "Pardon you"
"I'm siftin' through some particles

An' farcin' through some folds
I've stepped up on a brain fart
Which melts away your molds"
So I think upon that ponder
While I'm ponderin' the thought
Just thinkin' about the thinkweiz
Is leavin' me distraught
Well I think I thought I saw an Azwethinkweiz
Lookin' like we think we do, like we think we do
I think I thought I saw an Azwethinkweiz
Lookin' like we think we do, like we think we do
I think I thought I saw an Azwethinkweiz
Lookin' like we think we do, like we think we do
I think I thought I saw an Azwethinkweiz
Lookin' like we think we do, like we think we do
I think I thought I saw an Azwethinkweiz
Lookin' like we think we do, like we think we do
So what if what you thought about the thinkweiz
Was nothin' like you think you are?
Like you think you are?
You'd probably more than likely be a looky loo
Lookin' like you think you do, like you think you do
