

Body Ache

Britney Spears

[Chorus]

I wanna dance till my body ache
A little bit longer
Turn you on, make you irradiate
A little bit stronger
I wanna dance till my body ache
Show you how I want ya
Show you how I want ya
Show you how I want ya
Till my body ache

[Instrumental]

[Verse 1]

On a whole another level
You got a one way ticket
I got you, where do we go?
You wanna kick it, kick it
Start a whole fire for you
We going down, down
I'm gonna put it on ya
You want it, don't ya, don't ya?

[Chorus]

I wanna dance till my body ache
A little bit longer
Turn you on, make you irradiate
A little bit stronger
I wanna dance till my body ache
Show you how I want ya
Show you how I want ya
Show you how I want ya
Till my body ache

[Instrumental]

[verse 2]

I know you feel my fire
Throw you into my flames
Tonight we take it higher
What I got, ain't no game
Won't stop till you prepare me
There'll be no turning back
I'm gonna put it on ya

You want it, don't ya, don't ya?

You make my body ache

You make my, you make my

You make my body ache

You make my body ache

You make my body ache

You make my body ache

You make my body ache

You make my body ache

You make my body ache

You make my body ache

You make my body ache

You make my body ache

You make my body ache

You make my body ache

[Chorus]

I wanna dance till my body ache

A little bit longer

Turn you on, make you irradiate

A little bit stronger

I wanna dance till my body ache

Show you how I want ya

Show you how I want ya

Show you how I want ya

Till my body ache

Till my body ache...
