

# Still In Love With You

[Cher](#)

Visions haunt my memory  
They hold on, hold on desperately You and I were over long ago  
Don't know why my heart's the last to know  
Each time I find somebody new Still in love with you  
I know I've been lying to myself  
Baby, it's you  
And you know I'll deny it  
The more that it's true  
Still in love with you Wake up, crying in the night  
These feelings I'm feeling prove you right You told me no one else could take your place  
No matter how I try, I can't replace  
One thing you said, I know it's true Still in love with you  
I know I've been lying to myself  
Baby, it's you  
I don't wanna believe it  
But what can I do  
Still in love with you You and I were over long ago  
Don't know why my heart's the last to know Still in love, still in love with you  
I know I've been lying to myself  
Baby, it's you  
I don't wanna believe it  
But what can I do  
Still in love with you I know I've been lying, lying all along  
Baby, it's you  
And the more I deny it  
The more that it's true  
Still in love with you I know I've been lying to myself  
Baby, it's you
