The River Flows

Mike Manuel

I've know people who felt like they were helpless
But the rive flows, the river flows
Others walk through trouble like they could tame it
But the rive flows, river flows

Chorus:
There's a river of love, oh that charts its own course to every heart
And it can cut through mountains that life has built to separate us all
Oh from what matter most
The river flows

Now God can make a way where there is no way
That's why the river flows, that's why it flows
And someone in this world needs a little hope today
So let the river flow, let it flow
Cause when love makes it's mind up to
You can hid but it will find you
And no matter what you do you're gonna know
The river flows
The river flows

Repeat Chorus:
There's a river of love, oh that charts its own course to every heart
And it can cut through mountains that life has built to separate us all
Oh from what matter most
The river flows

River flows
River flows
(spoken) River flows
