Already There

Casting Crowns

From where I'm standing
Lord it's so hard for me to see
Where this is going
And where You're leading me
I wish I knew how
All my fears and all my questions
Are gonna play out
In a world I can't control
Oh, woah
When I'm lost in the mystery
To You my future is a memory
Cause You're already there
You're already there
Standing at the end of my life
Waiting on the other side
And You're already there
You're already there
woah, woah, woah, woah
From where You're standing
Lord, You see a grand design
That You imagined
When You breathed me into life
And all the chaos
Comes together in Your hands
Like a masterpiece
Of Your picture perfect plan

When I'm lost in the mystery
To You my future is a memory
Cause You're already there
You're already there
Standing at the end of my life
Waiting on the other side
And You're already there
You're already there
One day i'll stand before you
And look back on the life I've lived
I can't wait to enjoy the view
And see how all the pieces fit

One day I'll stand before you and
Look back on the life I've lived
I can't wait to enjoy the view
And see how all the pieces fit
One day I'll stand before you
Look back on the life I've lived
Cause You're already there
You're already there
When I'm lost in the mystery
To you my future is a memory
Cause you're already there
Already there
Standing at the end of my life
Waiting on the other side
And you're already there
You're already there
You're already there
