

Drugs or Me (Hate The Bliss)

Jimmy Eat World

Stay with me
You're the one that I need
You make the hardest things
Seem easy Keep my heart
Somewhere drugs don't go
Where the sun shines lay
Always keep me close If only you could see
The stranger next to me
You promised you promised that you're done
But I can't tell you from the drugs Don't let go
Dig a great big hole
Down an endless hole
We'll both go You're so blind
You can't see me this time
Hope comes from inside
And I feel so low tonight If only you could see
The stranger next to me
You promised you promised that you're done
But I can't tell you from the drugs I wish you could see
This face in front of me
you're sorry swear it you're done
But I can't tell you from the drugs (Oh)
(Oh) (Take me) I need your help
(So far away) To pull me up take the pain
(Take me) Out from me
(So far away) Out from me (Take me) If only you could see (I need your help)
(So far away) The stranger next to me (To pull me up take the pain)
(Take me) You promised you promised that you're done (Out from me)
(So far away) But I can't tell you from the drugs (Out from me) (Take me) I wish that you could see (I need your
help)
(So far away) This face in front of me (To pull me up take the pain)
(Take me) You're sorry you swear it you're done (Out from me)
(So far away) But I can't tell you from the drugs (Out from me) Keep my heart
Somewhere drugs don't go
Where the sun shines low
always keep me close
