A message to Benedict Arnold.
No matter how hard you try to be
Here's what they think about you!Hello? I was at celebreality, and I was wonderin'
How that punk Ice Cube got his ass beat by ATL!Yo! Dat nigga was sayin' he from Compton, he ain't from Compton
He from a planet called: "Punk!" It is full of pussy protein and pearl tongueAll I wanna know is why y'all let his punk-ass in the group in the first place
when you knew what kinda bitch he was?Yeah, I was in the New Music Seminar in New York!
And I watched that punk muthafucka run
While the rest of his homeboys got they ass beat!Hello? I'm callin' to say since Ice Cube was suckin' so much New York dick
Can he come and eat sum of this Chicago pussy?I smell pussy!Yeah, nigga when we see yo' ass
We gon' cut your hair off and fuck you with' a broomstick!Think about it, punk muthafucka!
