Ping Pong (Unreleased LP version)

Stereolab

it's alright 'cos the historical pattern has shown
how the economical cycle tends to revolve
in a round of decades three stages stand out in a loop
a slump and war then peel back to square one and back for morebigger slump and bigger wars and a smaller recovery
huger slump and greater wars and a shallower recoveryyou see the recovery always comes 'round again
there's nothing to worry for things will look after themselves
it's alright recovery always comes 'round again
there's nothing to worry if things can only get better
there's only millions that lose their jobs and homes and sometimes accents
there's only millions that die in their bloody wars, it's alrightit's only their lives and the lives of their next of kin that they are losing
it's only their lives and the lives of their next of kin that they are losingit's alright 'cos the historical pattern has shown
how the economical cycle tends to revolve
in a round of decades three stages stand out in a loop
a slump and war then peel back to square one and back for morebigger slump and bigger wars and a smaller recovery
huger slump and greater wars and a shallower recovery
don't worry be happy things will get better naturally
don't worry shut up sit down go with it and be happydum, dum, dum, de dum dum, de duh de duh de dum dum dum... ah ah
dum, dum, dum, de dum dum, de duh de duh de dum dum dum... ah ah
