You Make Me Feel

Milosh

How I ever made it to you, Heaven only knows
With the doors and the windows to my inside closed
I don't now how you got in
But I'll never let you out again
You make me feel every single drop of rain
My heart's revealed every time I hear your name
I feel your touch in the sunlight on my skin
The subtle brush of your kisses in the wind
You take my dreams and you make them even more
You make me feel like I never loved before
You lift me high, light me on fire
You set me free, you let me see
You make me feel
Now it seems like everything you do surprises me
Never thought I'd ever really love reality
You gave me a taste for love
That I couldn't imagine of
You make me feel every single drop of rain
My heart's revealed every time I hear your name
I feel your touch in the sunlight on my skin
The subtle brush of your kisses in the wind
You take my dreams and you make them even more
You make me feel like I never loved before
You lift me high, light me on fire
You set me free, you let me see
You make me feel every single drop of rain
My heart's revealed every time I hear your name
I feel your touch in the sunlight on my skin
The subtle brush of your kisses in the wind
You take my dreams and you make them even more
You make me feel like I never loved before
You lift me high, light me on fire
You set me free, you let me see
You make me feel
You make me feel
Feel, you make me feel
You make me feel
