After All These Years

Jim Brickman

Here we are after all these years
face to face, heart to heart
And I've loved you from the start
But I never thought that
We'd be standing here
After all these years

Here we are with another bridge to cross
All these days pass us by
As we watched our childhood fly
And I'm still the one to share
Your hopes and fears
After all these years

After all these years
We still have each other, one to another
After all these years
You're still the one and I'm still here
After all these years

Here we are with a final song to sing
Face to face, heart to heart
And I 've loved you from the start
But I never thought that
We'd be standing here
After all these years

And I've loved these days
All we've been through
And I'd just like to say
I'm so glad it's been you
Here's one more song from the heart
For the laughter and the tears
After all these years
