Cold World

Great White

Kendall/Russell
I sit and watch you while you sleep as you lie there dreamin
knowin' all that's left you give
is the soul youre stealing
Time goes goes on
Love rolls by
Your eyes send emotion
I feel at home in an empty room
As I stare and wonder
Theres no sound of laughter anymore
And Im alone inside
Of this Cold World its your world
its not mine anymore
In this Cold World its your world
Now Im slammin the door
On your Cold World
In the silence of the night
I can feel the darkness
Im alone but its allright
Its so clear and I know
Theres no warmth inside you anymore

And I can't survive
In this Cold World its your world
its not mine anymore
Its a cold world its your world
now im slammin the door
On your cold world
[Mark's guitar]You don't live to love me anymore
And I can't go on
no i can't go on
In this Cold World its your world
its not mine anymore
Its a cold world its your world
now im slammin the door
Its your world
Its a cold world its your world
im slammin the door
on your cold world

Its a Cold World
Its a Cold World
Its your world
