Passing Time

Basalt

Well I finished fooling around
With you pretty mama
Finished fooling around with you
No more wasting my time
No more standing in line
And I'm shiftin' on back
To where I came from
{Chorus}:
You know I heard it in the news
And it gave me the blues
You know it ain't right

People are fighting every place I look People uptight everywhere
And I'm shiftin' on back
To where I once came from
Ain't no lie, ain't it too bad mama
Too bad you're gonna cry
{Chorus}
Ain't no lie, ain't it too bad mama
Too bad you're gonna cry
