

Deep

Binocular

So this is what you mean
And this is how you feel
So this is how you see
And this is how you breathe Sometimes, I know
Sometimes, I go down deep
Ohh So this is what you mean
And this is how you feel
So this how you see
And this is how you breathe Sometimes, I know
Sometimes, I go down deep
Ohh Beneath the deep blue sea
Touching every breath
All a slight of hand
For everything you left Sometimes, I know
Sometimes, I go down deep
Ohh Sometimes, I give myself for you
Sometimes, I know down deep
