Somewhere in Time

John Barry

Somewhere in time
We met on timeless hills
And in the evening mist we kissed
And time stood still
Before the dawn, we found forever
Moments are timeless when I feel your caressYou'll always be inside of me
And I know when love is true
It's always with youSomewhere in time
I came to realize
Love never goesLove never goes
Once it has touched your heart
Just like the strength of wine that's left
As two lips part
A taste of love will linger after
I know the meaning of all that I seeYou'll always be inside of me
And I know when love is true
It's always with youSomewhere in time
I came to realize
Love never goes
