Rock It

Steve Miller Band

If you feel like rockin' now, baby, come on
Cause I feel like rockin', baby, all night long
I got my eyes on you, baby, cause you look so good
If you feel like dancin', baby, I wish you wouldCome on and rock it with me, baby
Come on and shake it with me, babyWell, I'm callin' everybody in the neighborhood
We got to get together cause it's gonna be good
If you feel like rockin', then baby come on
Baby, we can rock it all night longCome on and rock it with me, baby
Come on and shake it with me, babyIf you feel like dancin', baby, I wish you would
I got my eyes on you, baby, cause you dance so good
If you feel like rockin', then baby come on
Baby, we can rock it all night longCome on and rock it with me, baby
Come on and shake it with me, babyCome on and rock it with me, baby
Come on and shake it with me, baby
Come on and move it with me, honey
Come on and help me spend my moneyIf you feel like rockin', then baby come on
Baby, we can rock it all night longCome on and rock it with me, baby
Come on and shake it with me, baby
A little bit of rockin' makes everything right
We're gonna rock it, baby
Rock it tonightCome on and rock it with me, baby
Come on and shake it with me, baby
Come on and move it with me, baby
Come on and groove it with me, babyIf you feel like rockin', then baby come on
Baby, we can rock it all night long
If you feel like rockin', then baby come on
Baby, we can rock it all night long
If you feel like rockin', then baby come on
Baby, we can rock it all night long
