

# Push

## Dannii Minogue

Push, push, push, pu-push Feel like I'm gonna burst, stiff and standin' if it hurts

Let the world roll on

(It goes by)

Feel that I'm in your light, come unfold me tonight

Like an arrow you'll fire

(Fire)

Always playin' it rough, thinkin' I've had enough

Takin' pleasure from my pain Tell me

(Why?)

Won't you?

(Why?)

Tell me

(Why?)

Why I give a damn? Now I'm caught in the push of your

Big red love

And you're sendin' out a message

Makes me hate myself

My hands are tied and I can't get help

Caught in the push, p-p-push

Push, p-p-push

(Big red love)

Push, p-p-push I'm not lookin' for your love

'Cos I've given up

There's no lead but I follow

(Follow)

Feelin' ready to jump

Is it high enough?

Lookin' through your window Tell me

(Why?)

Won't you?

(Why?)

Tell me

(Why?)

Why I give a damn? Now I'm caught in the push of your

Big red love

And you're sendin' out a message

Makes me hate myself

My hands are tied and I can't get help

Caught in the push, p-p-push

Push, p-p-push  
(Big red love)  
Push, p-p-push  
(Big red love)  
Push, p-p-push  
(Big red love)  
Push, p-p-push Caught in the push of love  
Caught in the push of love  
Caught in the push of love  
I'm caught  
Caught in the push of love  
I'm caught  
P-p-push I'm caught in the push of your  
Big red love  
And you're sendin' out a message  
Makes me hate myself  
My hands are tied and I can't get help  
Caught in the  
Push, p-p-push I'm caught in the push of your big red  
Did you strip it off conscience just for me?  
My hands are tied and I can't get free  
Caught in the push, p-p-push  
Push, p-p-push  
(Big red love)  
Push, p-p-push  
(Big red love)  
Push, p-p-push  
(Big red love)  
Push, p-p-push  
Push, push, push, push
