

# You Make Me Feel Good

**Ralph McTell**

Don't care for gardenias  
Rather have a dandelion  
Don't like weddings much either now  
And things that you can't rely on. But you make me feel good  
You with your run-down shoes and your shining eyes  
You make me feel good  
You can do what you want and I don't mind. Don't much care for birds of paradise  
Rather have a sparrow  
Don't like flying much either now  
Things you can't control. But you make me feel good  
You with your scruffy jeans and your run-down shoes  
You make me feel good  
You only do the things that you want to.
