

Good Company

Bronze Radio Return

I'll stay for a moment
Or hang for a while
You tell me what you want to
Stay here or walk for miles[Chorus:]
I could be hard or I could be weak
I could be anything you need
Yes, I will always be good company
I could be off or I could be on
I could be anything you want
Yes, I will always be
Yes, I will always be good companyI've heard jokes
And secrets, too
And I've made promises to folks
And I've followed my words through[Chorus:]
I could be hard or I could be weak
I could be anything you need
Yes, I will always be good company
I could be off or I could be on
I could be anything you want
Yes, I will always be
Yes, I will always be good companyI could be right or I could be wrong
You could turn back or come along
What lies ahead I cannot guarantee
We could be last or we could be first
We could move on or in reverse
But either way I'll be your company
But either way I'll be your company[Chorus:]
I could be hard or I could be weak
I could be anything you need
Yes, I will always be good company
I could be off or I could be on
I could be anything you want
Yes, I will always be
Yes, I will always be good company
