

Music

D Train

What would you do without music?
Where would you be without a song?

I don't know, I don't know

What would you do without your music?
Where would you be without a song?
How would you feel without your music?
What would you do without a song?

People always ask me can I climb on mountain tops
I say: "Yes, I can"
'Cause I got music to make my spirit right
I say: "Yes, I can"

Listen, you've got the power to be who you wanna be
You wanna be you, you wanna be me
Make up your mind and go for what you know
Don't be too complicate, be sure to glow

There is a song for all of us to sing
Open your mind and let me hear it cling

What would you do without your music?
Where would you be without a song? (I don't know, I
don't know)
How would you feel without your music?
What would you do without a song? (Sing it for me)

Where would you be without a song?
To keep your mind pressing on
Ohoho

Where would you be without a song?
To keep your mind pressing on
I don't know what I would do without my music
Yeaheah (Yeaheah), yeaheah

Get in the rhythm, the sound's for young and old
Sweet music is the gospel in your soul

The ones we can choose, we all live in fear

Music, inspiration, get the sound away from here, y'all

What would you do without your music?
Where would you be without a song?
(I can hear James Brown say: "Gotta get down in me")
How would you feel without your music?
What would you do without a song? (I don't know, I
don't know)

M-U-S-I-C
Deep inside of me
M-U-S-I-C
Deep inside of me

M-U-S-I-C (Say what?)
Deep inside of me
M-U-S-I-C
Deep inside of me

Music

What would you do
If all the world had come to you?
To give a song of latin day
To keep them pressing on their way

(Where) Would you do
What kind of lesson would you learn?
This is a channel of destiny
What kind of person would you be?

(How) Would you feel
If everything that seems so real
Is there to tempt your married soul
And not to eat your very gold

(To) Eternity, that's where to be
For you and me

Acclimation is no reason
Where the station holds you tight
The seeds in your eyes to see!

Hey, hey

Music can take that song in me, yeaheah
Ohohoho!

My music
The gospel in my soul
My music
Make my spirit hold

My music
Is deep inside of me
My music
