

Relax

Frankie Goes To Hollywood

It's right time now
Well, now
Relax, don't do it, when you want to, go do it
Relax, don't do it, when you want to come
Relax, don't do it, when you want to come
When you want to come
Relax, don't do it, when you want to, go do it
Relax, don't do it, when you want to come
Relax, don't do it, when you want to suck, do it
Relax, don't do it, when you want to come
Come
But shoot it in the right direction
Make makin' it your intention
Live those dreams
Scheme those schemes
Gotta hit me
Hit me
Hit me with those laser beams
Laser beam
Relax, don't do it
Relax, where do you want to come?
I'm comin'
I'm comin'
Relax, don't do it, when you want to, go do it
Relax, don't do it, when you want to come
Relax don't do it
Relax, don't do it, when you want to suck, do it
Relax, don't do it, when you want to come
When you want to come
When you want to come
Come
Relax, don't do it, when you want to, go do it
Relax, don't do it
Relax, don't do it, when you want to suck, do it
Relax, don't do it
