

# World's End

## VAMPS

Give way to just another day,  
I start over again.  
No way I must complete this chain,  
It's driving me insane. World's end what do I want to gain,  
if the world we know should end?  
I ask myself, What then can I do? Everything I'm craving,  
all the things I wanna do.  
And I don't know what to do,  
I'm not done yet.  
I won't care what's left to do,  
By my side I need just you, stay. Just stay the hell outta my way,  
No time to be restrained.  
I pray I cannot see ahead,  
I hope this path ain't stained. World's end what do I want to gain,  
if the world we know should end?  
I ask myself, what then can I do? Everything I'm craving,  
all the things I wanna do.  
And I don't know what to do,  
I'm not done yet.  
I won't care what's left to do,  
By my side I need just you, stay. At world's end hold to no regrets... Stay.  
At world's end hold to no regrets... Stay.  
At world's end hold to no regrets.  
The light ahead. Everything I'm craving,  
all the things I wanna do.  
And I don't know what to do,  
I'm not done yet.  
On that day what will you do?  
By my side will you stay true? Yeah. Ahead is...  
Everything I'm craving,  
all the things I wanna do.  
And I don't know what to do,  
I'm not done yet.  
I won't care what's left to do,  
By my side I need just you, stay.
