

Betcha Never Had

J. Holiday

Body like a, baby
You ridin' like a vet trucker, hold up, what you say?
I'll be pleasin' you, you'll be pleasin' me
Promise me you'll stay here and never leave me But hold up, let me say some, pretty mamma thing
Why am I gonna tell you somethin' that I don't mean?
'Cause we in the heat of the moment, givin' you the biz
Before I came to the house, I told you don't be catchin' feelings I can tell you ain't never had
A *** this young put it on you
Askin' why I won't stay the night and hold you
I can tell you ain't never had, really had it, had it I can tell you ain't never had
A young *** take the cat from you
Then say I can't stay, got something else to tend to
I can tell you ain't never had, really had it, had it Now why you gotta make this a situation
You met the kid and decided that you wanted to dig in
When I said you agreed that it wouldn't be no static
Yes, I promise to heat it up, take it down, girl, and
Never agreed to have chains on me when it's time to leave I can tell you ain't never had
A *** this young put it on you
Askin' why I won't stay the night and hold you
I can tell you ain't never had, really had it, had it I can tell you ain't never had
A young *** take the cat from you
Then say I can't stay, got something else to tend to
I can tell you ain't never had, really had it, had it I can't lie, I know
You got skills and I feel
You want us to be close
But I'm just not ready to let go Bein' free to lay my head where I feel like
Girl, I told you once before so just
Can you understand? I can tell you ain't never had
A *** this young put it on you
Askin' why I won't stay the night and hold you
I can tell you ain't never had, really had it, had it I can tell you ain't never had
A young *** take the cat from you
Then say I can't stay, got something else to tend to
I can tell you ain't never had, really had it, had it Yeah, baby
Yeah, babe, oh, baby
Never had it
