Two Waves

The Prams

You were the first one
Tell me I'm someone
You were the first one

Made me believe in
Something better, something better
Than what I could see

You told me a secret
You knew that I needed
When life got colder
And I got older
I can still hear your words
Ringing in my head

We're like two waves
Crashing in together
We're like two waves
Crashing in together

It won't be the last time
I tell you I love you
It won't be the last time
I seem to forget you
But you take me back
Oh, you always take me back

We're like two waves
Crashing in together
We're like two waves
Crashing in together

We're like two waves
Crashing in together
We're like two waves
Crashing in together

Don't know where I stop
And where you start
There's something I can't get over

It's you, it's your heart
You can come in closer
Come in closer
Take my hand and I won't look back

You're like a part of me
Covering every inch of me
Feeling every heartbeat
You come in closer
Come in closer
Take my hand and I won't look back

Know where I stop
And where you start
There's something I can't get over
It's you, it's your heart
You can come in closer
Come in closer
Take my hand and I won't look back

You're like a part of me
Covering every inch of me
Feeling every heartbeat
You come in closer
Come in closer
Take my hand and I won't look back

We're like two waves
Crashing in together
We're like two waves
Crashing in together
We're like two waves
Crashing in together
