Pain Is Love (Skit)

Ja Rule

(thuder claps and rain pours)
(sirens in the background)
(emergency radio talking)(talking)Here we go again baby
Erase the pain
Gotta break free from all this motherfuckin anxiety...strains on my life...
Open my eyes and see
It's a big world out there
If God can only shine his light on meI'm cryin everyone's tears...my pain...my love...
I'm cryin everyone's tears...my pain...is my love...
