Power

Edidion

Got my friends they're rollin' with me

They say the heart will mend again
Itâ€™s so hard to begin again
I buried my head in the sand
Lord help me find myself again

I thought that love was precious
But I guess I learnt my lesson
The one you give your heart to
May hurt and desert you
Gotta get back in the game
Learn to love again
Hold your head up high
Hit the club tonight

Tonight all the broken hearts out there will start healinâ€™
Tonight celebrate your victory causeâ€™ now youâ€™re winninâ€™
Tonight the partyâ€™s over when you say itâ€™s over
Tonight this is the moment you take back the power

Tonight all the broken hearts out there will start healinâ€™
Tonight celebrate your victory causeâ€™ now youâ€™re winninâ€™
Tonight the partyâ€™s over when you say itâ€™s over
Tonight take back the power now take it back

I â€˜m in the club I see this girl
Sheâ€™s finer than a diamond gem
Alluring eyes Iâ€™m mesmerized
Her persuasion is dangerous

I thought that love was precious
But I guess I learnt my lesson
The one you give your heart to
May hurt and desert you
Gotta get back in the game
Learn to love again
Hold your head up high
Hit the club tonight

Tonight all the broken hearts out there will start healinâ€™
Tonight celebrate your victory causeâ€™ now youâ€™re winninâ€™
Tonight the partyâ€™s over when you say itâ€™s over
Tonight this is the moment you take back the power

Tonight all the broken hearts out there will start healinâ€™
Tonight celebrate your victory causeâ€™ now youâ€™re winninâ€™
Tonight the partyâ€™s over when you say itâ€™s over
Tonight take back the power now take it back

Its funny how we donâ€™t know what we have until itâ€™s gone
Iâ€™m the one who got away so Iâ€™ll be movinâ€™ on
I got my friends and Iâ€™m alright
And Iâ€™m gonna dance all night

Got my friends they're rollin' with me
Got my friends they're rollin' with me
Got my friends they're rollin' with me
Got my friends they're rollin' with me

Tonight all the broken hearts out there will start healinâ€™
Tonight celebrate your victory causeâ€™ now youâ€™re winninâ€™
Tonight the partyâ€™s over when you say itâ€™s over
Tonight take back the power now take it back
