Paradise Lost

Opaque the dissident establishment
That we all suffer
Refill the porous shell with words
That mean so many thingsWords mean so many thingsThe feeling can't avoid you
The feeling can't avoid youStoking the fires of absence
Loss and anguish long departed
Adjust to changes re-arranging
Burns in many waysPain burns in many waysThe feeling can't avoid you
The feeling can't avoid youThe feeling can't avoid you
The feeling can't avoid you
