

# Dinosaur Vacume

## Monster Magnet

Take me to the sunspot, now I wanna go home  
Flash on the Citadel having too much fun  
Atomical baby, I think your moon is dead  
Last push of royalty into your bobbing head  
Dinosaur vacume wanna take me home?  
Dinosaur vacume wanna take me home?  
Thunder in a tube top, now I wanna get high  
Slaves of the mother rock, cut me another line  
Atomical baby, you know you burn alright  
Try to find a dope mule into another light  
Dinosaur vacume wanna take me home?  
Dinosaur vacume wanna take me home?  
Dinosaur vacume wanna take me home?  
Dinosaur vacume wanna take me home?  
Try to turn me baby then go away just like that  
Like something insane  
Dinosaur vacume  
Dinosaur vacume  
Dinosaur vacume  
...
