

# Broadcast Emotion

## Helmet

I like the way you set yourself goals  
The blind ambition you sport like new clothes  
There's nothing bold in the posture you wear  
It's always stunning to show you care  
You're so outspoken, the status quotient  
Brought up to peak broadcast emotion  
As calculated, as the news is  
At least you've got yourself impressed  
Appropriated, the concepts you boast  
You love the sound of your own voice  
You're always vocal, affecting passion  
Wholesale opinions will stay in fashion  
You're so outspoken, the status quotient  
Brought up to peak broadcast emotion  
As calculated, as the news is  
At least you've got yourself impressed
