

# Summer of Love

## Prince Rama

I can't wait till summer, yeah  
'Cause it's gonna be a summer of love  
Hey, now, well, it's a love thing  
People all around the world in every nation  
Like to get together for some excitation  
If you're a girl appreciate to recreation  
Why don't you let me take you on a love vacation?  
Yeah, I'll take you to the movies but I'm no fool  
First I'll get you on the beach or in a swimming pool  
Doing unto others is the golden rule  
But doing it with you would be so very cool  
Girls are always ready for a summer of love  
Goin' out and lookin' for love  
(Girls are always ready)  
Girls are always ready for a summer of love  
(Sum, sum, summer, summer of love)  
Goin' out and lookin' for love  
(Sum, sum, summer, summer of love)  
I can't wait till summer, yeah  
'Cause it's gonna be a summer of love  
Hey, now, well, it's a love thing  
Everytime the weather starts to gettin' hotter  
Don't worry about it toss your clothes and hit the water  
We'll be California dreamin', bay watchin' everyday  
Just off the Malibu surfin', U. S. A.  
Now no girl ever wants to leave their love back home  
So if you miss him, baby, call him on the phone  
  
But make it quick, we're almost in a party zone  
'Cause summer days and nights aren't meant to spend alone  
Girls are always ready for a summer of love  
Goin' out and lookin' for love  
(Girls are always ready)  
Girls are always ready for a summer of love  
(Sum, sum, summer, summer of love)  
Goin' out and lookin' for love  
(Sum, sum, summer, summer of love)  
I can't wait till summer, yeah  
'Cause it's gonna be a summer of love

Hey, now, well, it's a love thing  
Now summer is a time when there're no strings attached  
But we could get together if you come on back  
I'd like to tell you if it's any satisfaction  
You'll always be my summer seasons main attraction  
Girls are always ready for a summer of love  
Goin' out and lookin' for love  
(Girls are always ready)  
Girls are always ready for a summer of love  
(Sum, sum, summer, summer of love)  
Goin' out and lookin' for love  
(Sum, sum, summer, summer of love)  
I can't wait till summer, yeah  
'Cause it's gonna be a summer of love  
Hey, now, well, it's a love thing
