Peak

Planet Funk

Peak

I peak, I can't speak, on my back in the middle of the street
My brain is a chow mien and runnin' round and around like a chain
And I know that you know that sooner or later like a U-F-O
I'm comin' down
I'm comin' down

Well, I peak, I can't speak, on my back in the middle of the street
My brain is a chow mien and runnin' round and around like a chain
And I know that you know that sooner or later like a U-F-O
I'm comin' down
I'm comin' down

Oh I'm comin' now
I'm comin' down down down down down down down

I try, yes I try, I try, I try, I try
Yes I try, I try, I try, I try, I try, I try, I try

I peak, I can't speak, on my back in the middle of the street
My brain is a chow mien and runnin' round and around like a chain
And I know that you know that sooner or later like a U-F-O
I'm comin' down
I'm comin' down

Well, I peak, I can't speak, on my back in the middle of the street
My brain is a chow mien and runnin' round and around like a chain
And I know that you know that sooner or later like a U-F-O
I'm comin' down
I'm comin' down

Oh I'm comin' now
I'm comin' down down down down down down down
