It got a red top but it's white like Madonna
Made man, you hear what I said
having a slumber party all my bitches counting bread
made man, also known as Papi Chulo
and I'm running straight up in the culo
my wrist always on frio, call me chilly chill
super head from super head, and I really will
Californication, Motivation in my pocket
got on my blue Dickie, shout out my nigga Rocky
still smoking sticky, it aint no other option
not for made nigga and I'm never stopping
I raised the bar, I set the standards
my yayo, Usher Raymond, that bitch just keep on dancing
dollar bills on top of dollar bills
thats all I'm throwing, if she wont her momma will
made niggas, talking a lot of skrill
8 digits a nigga tryna live

made man, you hear what I said
I got a hundred squares
if you scared, called the feds
made men, I'm screaming dollar bills
pop the trunk on the Porsche
there they go, Dollar bills
[Drake]Riding round the city, plastic cup of Henny
